House Productions — *Producer / Editor*

OCTOBER 2009 - Present

Founded and led a production company specializing in documentary filmmaking and branded content. Edited projects from concept to delivery in Avid Media Composer, Premiere Pro, and DaVinci Resolve, collaborating with clients and stakeholders to craft compelling narratives.

Lone Wolf Media — *Head of Post Production*

APRIL 2014 - Present

Led post-production operations, optimizing workflows, technology, and team coordination to enhance efficiency and ensure high-quality network deliverables. Streamlined media management, editing, finishing, conform, color grading, and audio mixing workflows in Avid Media Composer, Premiere Pro, and DaVinci Resolve while maintaining broadcast-standard quality control. Oversaw technology infrastructure and collaborated with editors, producers, and writers to drive productivity and performance.

MTG Goldfish — *Producer / Editor*

JANUARY 2016 - April 2020

Produced and edited video content in Premiere Pro for MTG Goldfish, a Magic: The Gathering media platform. Produced live streams, including talent booking and management, program concept development, and event production. Optimized creative workflows and led staff training initiatives, contributing to a 300% audience growth.

SRC-TV — *Media Specialist*

AUGUST 2006 - APRIL 2014

As part of a two-person leadership team, managed media operations and community programming for a public access television station serving 5 town districts and 2 school districts. Orchestrated live broadcasts, training, and educational content, and implemented live streaming and digital workflows in 2006, connecting multiple communities with minimal resources and improving accessibility.
